

Sunshine Online Decodables

Scope and Sequence

Australian series with real stories using words that children can read!

Sunshine Online Decodables teaches children phonics skills in a sequential and systematic way so that they can learn the sounds (phonemes) and the letters that represent them (graphemes) and then apply this knowledge by reading a text that makes sense and is enjoyable. This ensures that every beginning reader experiences success in their reading from their very first book!

Sunshine Online Decodables comprises:

- Fully decodable texts closely aligned with Letters and Sounds
- Systematic progression for learning the sounds (phonemes) and the letters that represent them (graphemes)
- Full-colour illustrations to support meaning
- Teaching notes and student activities included for each book
- The complete program covers 44 phonemes of English
- 180 titles, fiction and non-fiction
